

STEP which is reliable by the security that I am particular about a grating manufacturer not being slippery and made

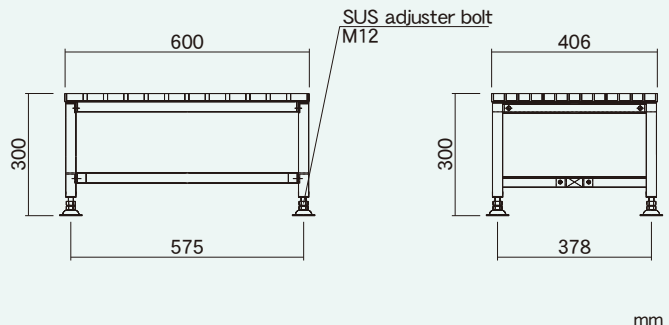

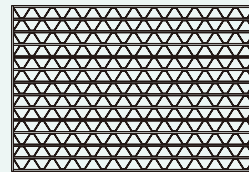

UDG-Step

UNIVERSAL DESIGN GRATING sus304 stainless steel

Universal Design Grating Step
one stage step

UDG-STEP-01

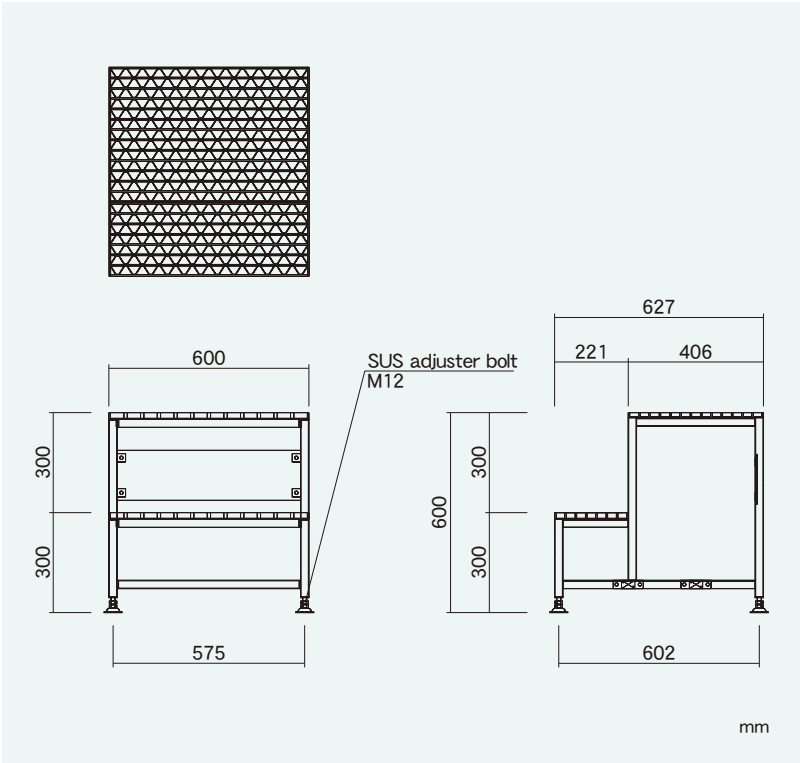

type	UDG-STEP-01	weight	11.4kg
top plate dimensions	600x406mm	material grating	sus304 stainless steel
top plate height	300~330mm (adjuster bolt)	finishing	electrolytic polishing
maximum working load	100kg	mechanical structure	assembly step
setting dimensions	635x441mm		

As you may change the specifications of the product for the improvement of the product, please understand it beforehand.

Universal Design Grating Step

two stage step

UDG-STEP-02

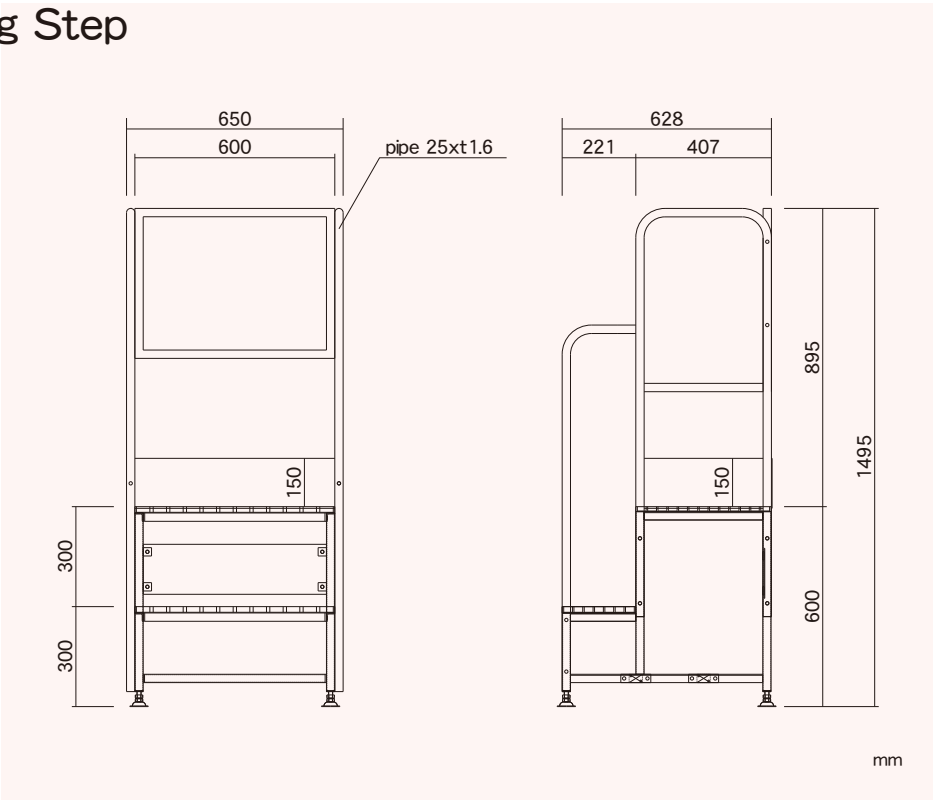

type	UDG-STEP-02	setting dimensions	635x662mm
top plate dimensions	600x406mm	weight	21.0kg
stairs dimensions	600x221mm	material grating	sus304 stainless steel
top plate height	600~630mm (adjuster bolt)	finishing	electrolytic polishing
maximum working load	100kg	mechanical structure	assembly step

As you may change the specifications of the product for the improvement of the product, please understand it beforehand.

Universal Design Grating Step

two stage step handrail

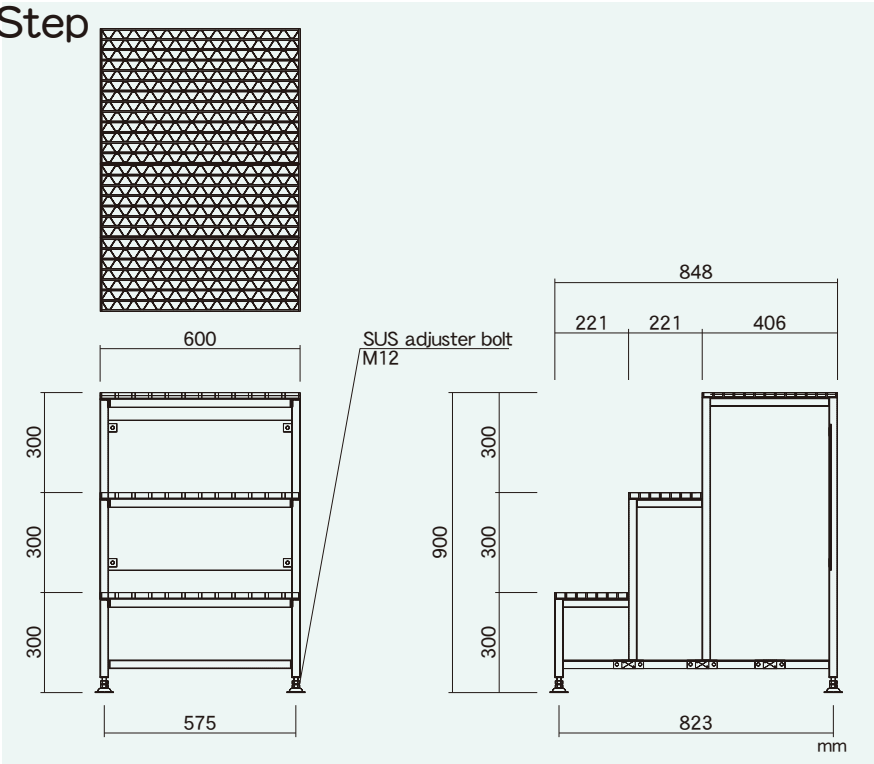

UDG-STEP-02H

type	UDG-STEP-02H	weight	12.0kg
handrail width	front 650mm side 407mm	material grating	sus304 stainless steel
handrail height	900mm	finishing	electrolytic polishing
setting dimensions	650x663x1495mm	mechanical structure	assembly step

As you may change the specifications of the product for the improvement of the product, please understand it beforehand.

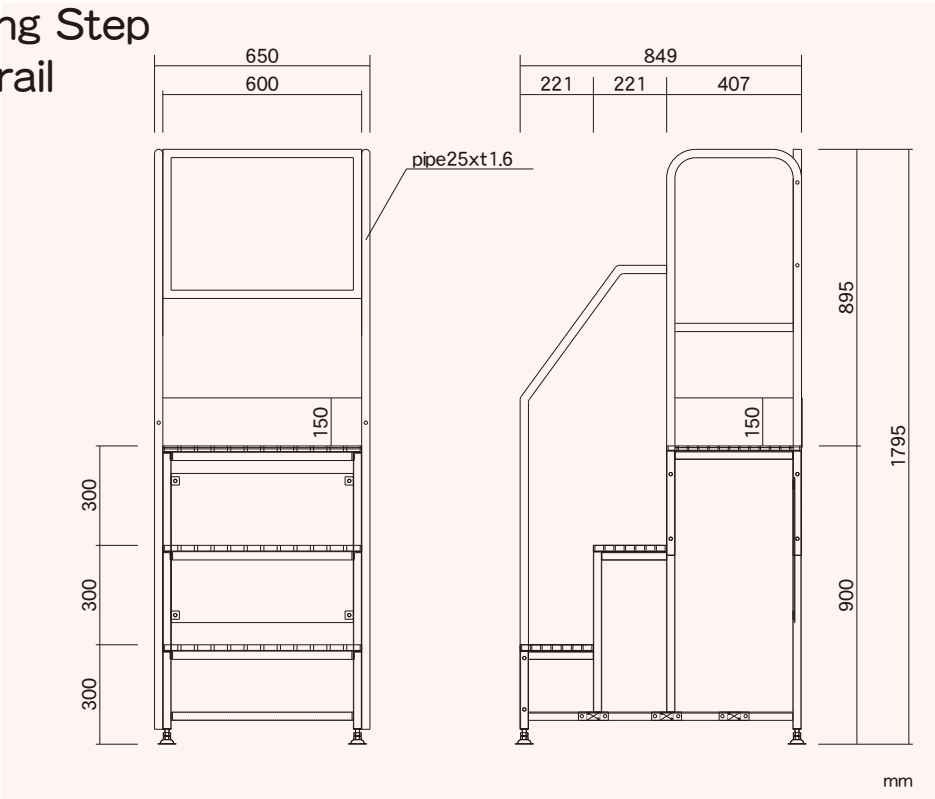

Universal Design Grating Step
three stage step
UDG-STEP-03

type	UDG-STEP-03	setting dimensions	635x883mm
top plate dimensions	600x406mm	weight	32.2kg
stairs dimensions	600x221mm	material grating	sus304 stainless steel
top plate height	900~930mm (adjuster bolt)	finishing	electrolytic polishing
maximum working load	100kg	mechanical structure	assembly step

As you may change the specifications of the product for the improvement of the product, please understand it beforehand.

Universal Design Grating Step
three stage step handrail
UDG-STEP-03H

type	UDG-STEP-03H	weight	14.6kg
handrail width	front 650mm side 407mm	material grating	sus304 stainless steel
handrail height	900mm	finishing	electrolytic polishing
setting dimensions	650x884x1795mm	mechanical structure	assembly step

As you may change the specifications of the product for the improvement of the product, please understand it beforehand.
